# PHO DALAT

Vietnamese Cuisine and Bar

Dalat, located in the South Central Highlands of Vietnam, looks like a cross between Vietnam and the French Alps. The city spreads across a series of pine-covered hills, with a small lake in the center and surrounded by a man made lake and higher peaks, making for some lovely scenery.

Dalat's high altitude (1500-2000 m) and fertile landscape make it one of Vietnam's premier agricultural areas, producing varieties of fruits, vegetables, tea, coffee and flowers that don't grow in the lowlands. In markets as far north as Hanoi and Hai Phong, vegetable and flower vendors will tout their "made in Dalat" produce.
